On behalf of St. Joseph's Institution Junior, I would like to thank The **Women's Institute of Management** for conducting the Primary Three Speech and Drama enrichment program at our school.

The program was well-structured and gave all our students a valuable opportunity to build their oral and presentation skills. Due to the nature of this program, many students who initially demonstrated some nervousness in the program became more confident towards the end of the program. This was evident when all students put their best foot forth during the Performance Day.

A note of special appreciation also goes to the trainers who were very professional and were able to manage to work within the 8 sessions given to them.

Thank you once again for conducting this program at our school.

Kind Regards,

Dear Ms Liezel

LETTER OF APPRECIATION

Thank You to the team of dedicated and patient trainers who had conducted the **Financial Literacy Workshop** for our Primary 6 pupils on 12th October and a follow up session on 24th October 2012.

The training materials were stimulating and the interactive mode of lesson delivery were engaging. We believed our pupils had also benefitted from the guidance which the trainers had provided during the follow up session. They assisted our pupils in putting into practice the skills they had learnt in the preparation of the school's annual Fun(D) Fair by providing useful tips and knowledge about entrepreneurship and significance of giving back to the community.

Our pupils enjoyed the workshop and had given feedback that they had learnt practical lessons that will help prepare them to plan and manage their financial future.

Thank You.
